JEM

MIAMI WORLD CENTER

THE JEWEL OF MIAMI

An architectural masterpiece, JEM will transform the skyline while introducing an incomparable living experience to Miami. The building's sophistication, integrity, level of service, and variety of curated spaces — from the private porte-cochère to the exclusive JEM Club — are unsurpassed.

Its exclusive collection of residences, each meticulously designed, offers commanding vistas that exalt light and expansiveness. JEM's address within Miami Worldcenter establishes the neighborhood as an international focal point worthy of its prodigious name.

THE NEIGHBORHOOD

An aerial night-time rendering of the Miami Worldcenter development. The image shows a dense cluster of modern skyscrapers with illuminated windows and architectural details. A prominent circular building with a glowing blue top is visible in the center. To the right, a large, curved, modern structure, possibly a stadium or arena, is illuminated. The surrounding area includes older buildings, streets with light trails from traffic, and a canal or waterway. The overall scene is a vibrant depiction of a major urban development at night.

MIAMI
WORLD CENTER

Miami Worldcenter’s lifestyle-driven “high-street” retail component is the centerpiece of the development’s 27-acre master plan. An open-air shopping promenade runs North and South from Northeast 10th Street to Northeast 7th Street and between Northeast 1st and 2nd Avenues. A large public plaza will be surrounded by shops and restaurants, creating a central gathering place and outdoor event space.

A major presence on the international stage, Arquitectonica has made its mark globally with projects in 59 countries on five continents.

From its inception in 1977, the firm received almost instant attention and acclaim from critics and the public alike, due to a bold modernism that was immediately identified with a renaissance in Miami's urban landscape. Led by Principals Bernardo Fort-Brescia and Laurinda Spear, Arquitectonica continues to push the limits of design with its innovative use of materials, geometry, pattern and color to introduce a new brand of humanistic modern design to the world.

Based in downtown New York with satellite offices in Los Angeles and Madrid, Rockwell Group creates extraordinary experiences and construct remarkable environments across the globe.

Rockwell Group is an interdisciplinary architecture and design firm that emphasizes invention and thought leadership in every project. Founded by David Rockwell, FAIA, the 300-person firm merges performance and architecture to create extraordinary experiences and built environments, including restaurants and hotels, cultural institutions, transportation hubs, and Broadway sets, across the globe.

From the beginning, EDSA set forth to transform the paradigm of landscape architecture and encourage collaboration among all design disciplines.

EDSA is a planning, landscape architecture, and urban design firm based in Fort Lauderdale. Dedicated to the proper use of land resources, the firm's global experience pays tribute to the creation of innovative and inspiring environments. Working with nature to achieve results with enduring appeal, EDSA designs outdoor spaces that are timeless, never forced—and established relationships that strengthen these concepts for future generations.

THE JEM

MIAMI'S GREATEST TREASURE

Introducing a new project, a collection of luxury private residences by Naftali Group. The premier address in Miami Worldcenter, it's the city's most desirable neighborhood.

Only one block from the bay and just moments from the city's cultural core. Designed with meticulous attention to detail, the finest finishings, and an abundance of thoughtfully curated spaces, this projects' private homes set a new standard for quality of life and craftsmanship in Miami.
