To Live Exquisite is to Live Extraordinary

Situated along the beautiful coastline of South Brickell, with exquisite bayfront views, a private marina, and an exclusive fine-dining restaurant by MICHELIN-starred chef Fabio Trabocchi, The St. Regis Residences, Miami epitomize elegant living. It mirrors the sensibilities of those who are driven by connoisseurship, demand excellence, respect tradition, and value individuality above all else.

The St. Regis Residences, Miami represent a future propelled by a historic past. A place where new generations will create a lifetime of legendary moments, in one-of-a-kind homes for individuals who perceive their personal legacies innately intertwined with the rich heritage of Miami.

The Best of All Worlds

Designed by the renowned New York–based firm Robert A.M. Stern Architects (RAMSA), The St. Regis Residences, Miami blend the aesthetic of golden-age ocean liners with the rigor and appeal of modern-day architecture. Melding in effective yet surprising ways, those two sources of inspiration yield a design that is at once fluid, purposeful, and eminently livable.

The St. Regis Residences, Miami are precisely situated on the site to ensure that every residence has the most expansive views possible. The design of the building changes as it reaches skyward — the facade revealing artful setbacks with private terraces; undulating curves that echo the waves of the bay below.

"When you're talking about building a residence, you're talking about dreams."

The Language of Materials

A thoughtful curation of materials speaks the language of exquisite living. Sensorial delights appear at every turn — colors and textures that combine in surprising ways to create a whole that is greater than the sum of its parts.

Full lives can be lived here. The scale and layout of each home leaves room for everything: family, friends, pets, parties, art, musical instruments, walls of books — and most importantly, peace of mind.

"My work is deeply rooted in place and memory."
